Hello Peter

I'm sorry I forgot to attach the form, The seeding and Reclamation was done many years ago. We have a plan of operations in and we are still waiting on the blm to approve, which has been many years in the process, so at this time we would like the entire bond released and when the blm approves the plan we can re-establish a bond.

Thanks Desiree

Hi David and Desiree,

I received your request for a bond release for the Little Spot site. I assume you are requesting a partial bond release for an area of past regrading at the Little Spot site, and not complete bond release (which would require complete regrading of the entire site, seeding, and at least 3 years of waiting for vegetation to grow). Filling out the following form will clarify what you are requesting of us:

https://fs.ogm.utah.gov/PUB/MINES/Minerals_Related/FORMS/MR-SITE.pdf

I'll talk to Lynn about the seeding. Feel free to call if you have any questions.

Hello Peter

This is for release of the bonding on the little spot mine. The seeding was witnessed by Lynn Kuntzler years ago.

Thanks

Desiree
